

## **Exploration Group Tour of the National Theatre and Concert Hall** **Wednesday October 23, 2019**

Built in the Ming and Qing Dynasty Palace styles, the National Theatre and Concert Hall have a special place in the Cultural history of Taiwan. Completed in 1987, they are two of the first major Concert venues to be built in Asia and the first in Taiwan. Their distinctive style make them a must see spot for tourists to Taipei. Residents and visitors can see cultural events, plays, concerts even outdoor performances in the large courtyard between the two Halls.

We will begin our tour at the National Theatre where experienced tour guides will share with us the history, and architecture as well as a tour of the facilities. We will then cross the courtyard to the National Concert Hall to see the similarities and differences in the two venues.

Highlighting the Concert venue is a large Pipe Organ built by the Dutch company Flentrop Orgelbouw. After the tour, we will take our seats in the concert hall for a 30 minute pipe organ concert where we will experience the beautiful sounds and the excellent acoustics of the Organ.

Following the concert, we have booked space in the restaurant Allegro, located in the National Concert Hall. Next to the gift shop, it serves delicious Italian pasta and risotto including vegetarian options.

Cost for the tour and the concert is NT\$ 300. Cost for lunch is NT\$400. Lunch choices are:

1. Roast Chicken Risotto
1. Penne Rigate with Bolognese Sauce
2. Chestnut Bacon Linguine
3. Porcini Mushroom Risotto (Vegetarian)

The set menu comes with soup, salad and drink (coffee or tea). Please specify your lunch choice when you reply.

We will meet at Gate 1 of the National Theatre between 9:15 and 9:30, our tour will begin at 9:30. Walking from one venue to the other requires stairs and crossing the courtyard, so please wear comfortable footwear for this event.

Warm regards,  
Olivia, Carol and Alison
